Villa, Orihuela Costa

Villa with 5 bedrooms and 5 bathrooms in Campoamor, Orihuela Costa, Alicante.

We bring to your attention an incredible villa near the sea in one of the most prestigious areas of the Costa Blanca - Campoamor.

The villa was built on two levels just 4 years ago, high-quality Italian premium materials from a famous designer were used in the construction and decoration of the house.

The owners carried out preliminary installation of heating, but since the owners used the property only in the summer during the hot period, the installation has not yet been completed.

In the near future they plan to turn on the heating so that the new owners can enjoy living in the villa all year round.

On the territory of the villa there is a luxurious large swimming pool with salt water and a shower, a summer kitchen, recreation areas, a well-groomed landscaped garden, and an underground parking designed for several cars, which allows motorists to never part with their collection.

On the roof there is a huge private solarium with an observation deck where you can admire the amazing landscapes and bask in the gentle Mediterranean sun.
