## Apartment, Alicante

Apartment with 4 bedrooms and 2 bathrooms in Alicante (Center), Alicante.

Great apartment for renovation.

This apartment is just a few meters from the well-known central market, Castillo se San Fernando so offers nice walks, playground for children sports activities and more. With such a central location you have everything from public transportation, pharmacy, grocery stores, restaurants, beauty salons and other amenities. The nice thing about this home is that it is in a quiet street even though it is centrally located so you will not be bothered with a lot of noise.

The home has lots of windows that offer a lot of natural light. The property consists of four bedrooms and two bathrooms, where the main bedroom has an en-suite bathroom. The kitchen and laundry room are separate so that you do not have to have the washing machine in the kitchen and can have the laundry for yourself.

There is the possibility to buy two parking spaces on the ground floor in addition if desired, the price for these is 16.500€ or 18.000€.
